At the bottom of the overlay, there is a 'View all' link. Below the notifications, the dashboard metrics are partially visible, including 'BANK FEES: QAR 170' and 'BANK FEES OWED: QAR 50'.

Deposits

Displays all recorded deposit transactions submitted by drivers or entered by finance.

The accountant can review:

- **Date:** Deposit record date
- **Driver:** Driver associated with the deposit
- **Amount:** Recorded deposit value
- **Type:** Deposit method
 - **Cash to Accountant:** Cash physically handed to finance
 - **Bank Deposit:** Bank transfer confirmed by accounting
 - **Adjustment:** Manual balance correction / settlement adjustment
- **Reference:** Bank reference number (if available)
- **Recorded By:** User who logged the deposit

Payouts

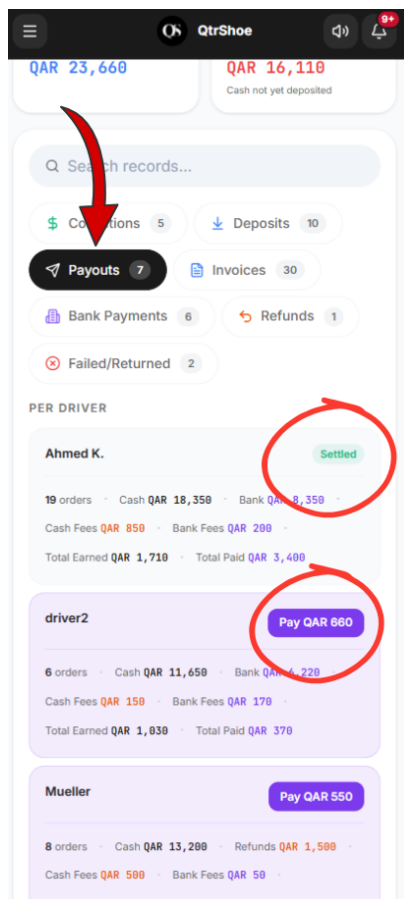

Displays each driver's payout summary for the selected period.

Shows:

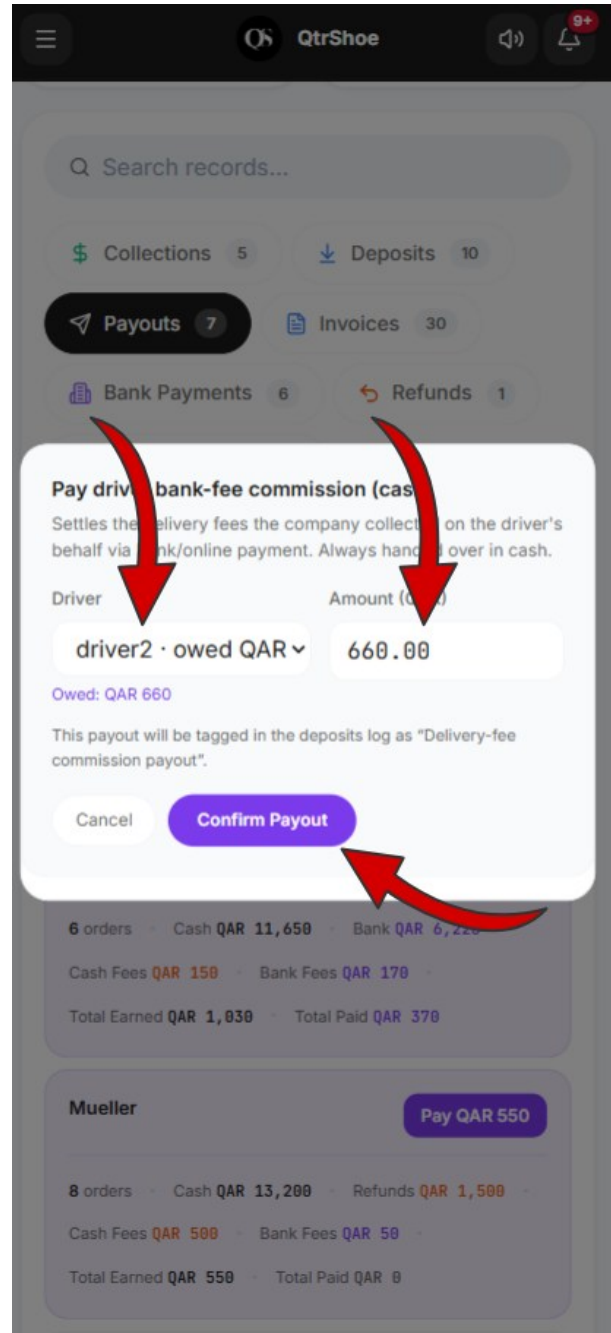

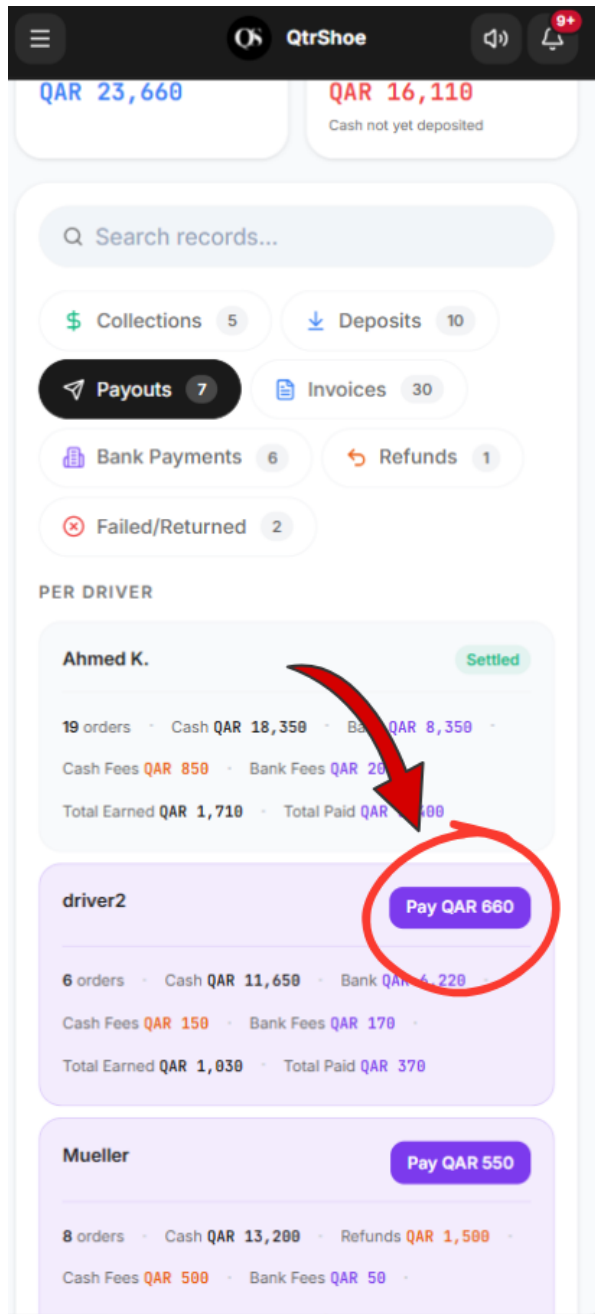

- Total completed orders
- Cash collected
- Bank payments
- Delivery fees earned
- Total already paid

Pay QAR XXX means this delivery fee amount is owed to the driver, usually from orders paid by bank transfer where the company received the payment.

Settled means the driver has already been fully paid.

To pay the driver, just click “PAY QAR xxx”, then select the driver’s name and enter the amount, then press “Confirm”.
